

Directions from US-101

From the North (San Francisco, San Jose, Morgan Hill):

- 1) Go **South** on **US-101** all the way to **San Juan Bautista**. Do **not** be tempted to turn on **CA-152 or CA-25** - we live on the other side of Hollister from these highways, and the drive is much better following our instructions instead (prettier/fewer traffic signals).
- 2) Go **East** on **CA-156**.
- 3) Follow the instructions "**from CA-156 in San Juan**" below.

From the South (Carmel, Monterey, San Luis Obispo):

- 1) Go **North** on **US-101** to **San Juan Bautista**.
- 2) Go **East** on **CA-156**.
- 3) Follow the instructions "**from CA-156 in San Juan**" below.

From CA-156 in San Juan (BLUE ROUTE):

- 1) After you cross **Union Road** (5.5 miles or so from San Juan Bautista), follow the signs to go to Hollister (careful, or you'll end up going over Pacheco Pass before you know it). Basically, when you have a choice you need to veer right instead of going straight. You are now on **San Juan Road, AKA "Business Loop 156"**. After you cross the **San Benito River**, you'll be on **Fourth Street**.
- 2) A mile or so after the river, turn **right** on **Westside Street**. (If you miss it, turn **right** on **Line** and go to #6.)

- 3) Cross **South Street** and continue a couple more blocks.
- 4) Turn **left** on **Apricot Street**.
- 5) Turn **right** on **Line Street**.
- 6) Turn **left** on **B Street**.
- 7) Park on the right - we are the second house.

From CA-156 in San Juan (recommended alternate route in the dry season) (GREEN ROUTE):

This way involves **crossing a dry riverbed** which any car can do easily, but only when the gravel river crossing is in place which is usually **May-October**. This is the **best route** when there is lots of traffic on **CA-156**, as you can usually make the right turn on **Union Street** without waiting for the light.

- 1) You are on **CA-156** heading **East** from San Juan Bautista. In about **5.5 miles**, turn **right** on **Union Road** (at the light).
- 2) Drive a **couple miles** and turn **left** on **Riverside Drive** which comes up after **Union Heights** and a wide left-handed curve.
- 3) Follow Riverside around a right-angle left curve, cross **Union Heights** again, and turn **right** on **Nash Road** (this is a strange 3-way intersection with a 2-way stop - you don't stop).
- 4) Drive **over the river** slowly to avoid kicking up dust.
- 5) Turn **left** on **Line Street** (the second left).
- 6) Turn **right** on **B Street**.
- 7) Park on the right - we are the second house.
